COLLEGE ROYAL WELCOMES YOU TO OUR 2018 OPEN HOUSE!

Welcome to the University of Guelph and to our 94th annual College Royal. As the largest student-run open house in North America, College Royal is just one example of what makes U of G unique.

This year's organizers from all seven colleges across campus offer a program that blends tradition and innovation. College Royal is a University event. It's also a Canadian event. As Canada's Food University, the University of Guelph brings together research and scholarship to address a defining challenge of our time: feeding our growing world in sustainable ways.

I hope College Royal gives you a taste of how we're helping to improve life at home, across Canada and around the world.

Thanks to students, faculty and staff who volunteer their time to this outstanding showcase. Enjoy your visit to our campus!

I would like to send a warm welcome and a huge thank you for attending College Royal's 94th year! It's amazing to see how much growth this event has undergone in the short 3 years I have been a part of this organization. Seeing all different colleges and clubs across campus come together for one fantastic weekend truly shows the diversity and inclusiveness of the University of Guelph, all while bridging the gap between farm and city life.

Of course, College Royal would be nowhere near where it is today without the tremendous efforts of my fellow officers, our 80 executive members, our faculty advisors, and the many volunteers showcasing clubs or exhibits. I hope you all take the time to pat yourselves on the back for an outstanding job well done!

Thank you again for making College Royal a continuing tradition whether you're an alumni, current student, prospective student, or a member of the community — enjoy yourselves and find the pot of gold at the end of the rainbow!

HANNAH SWEETT
PRESIDENT,
COLLEGE ROYAL 2018

Welcome to the 94th College Royal! This is by far the best weekend on campus and I can't wait for you to enjoy it too! College Royal is a spectacular event and there is something here for everyone.

Make sure you head to Old Mac's New Farm to see all the animals or stop by the square dancing competition to see some awesome moves. If you get hungry, be sure to go the Pancake Flip or go over to Food Science to grab a milkshake! There are also unlimited clubs, displays and demonstrations to fill your weekend.

I hope everyone has a great weekend here at College Royal, thank you for making this event an amazing success and wishing everyone the "Luck of the Royal"!

Join the School of Environmental Sciences in exploring how plants grow and survive in the environment! Learn about the various spheres that life on earth depends on, plant a seed of your own to take home, or test your knowledge with some geological identification. Fun for all ages!

ENGINEERING SOCIETY

THORNBOUGH, FOYER · 31

Come build your own parachute and participate in the Engineering Society's apple drop. To be more sustainable we have chosen to use apples instead of eggs this year as bruised apples are more versatile than cracked eggs!

NaNoclub

SUMMERLEE, 2315 · 30

U of G's Nanoscience Club has awesome and interesting displays such as ferrofluid, nanogold solutions, superconductor and more! Nanoscience is small science in physics and chemistry and our members love talking about it! Come on by for some of the coolest demos that'll make you go "WOW!"

PEDIATRIC PAIN, HEALTH, AND COMMUNICATION LAB

SUMMERLEE, ATRIUM · 30

We are looking for children aged 7-12 and one of their parents to participate on an exciting research study! We want to learn more about what parents do when their child is in pain, and what behaviour help children manage pain. The idea behind this research is to later develop programs that reduce children's pain and distress and help their families.

THORNBOUGH BUILDING

ENGINEERING WITH WISE

THORNBOUGH, 1435 · 31

Come out and join the girls from Women in Science and Engineering for a Rube Goldberg event! You'll have an awesome time learning about science and National Engineering Month! For children ages 13 and under.

CRIMINAL JUSTICE AND PUBLIC POLICY SOCIETY

THORNBOUGH, FOYER · 31

Get moving and strike a pose with the Criminal Justice and Public Policy Society! Visit our booth to test your luck in an exciting family-friendly obstacle course and snap some cool shots with our photo opportunity supplied with fun props. More surprises will be revealed upon your visit.

GRYPHON RACING

THORNBOUGH, THINKTANK · 31

Gryphon Racing builds and races performance cars against other universities. These cars are entirely designed and built by students and boast some impressive specifications!

UNIVERSITY CENTRE

THE GREAT GRILLED CHEESE GATHERING

UC, PETER CLARK HALL · 32

SATURDAY + SUNDAY: 11AM - 4PM

Join FeelGood Guelph in ending extreme poverty one grilled cheese at a time! Enjoy our delicious grilled cheese sandwiches and enter our Out-of-This-World Grilled Cheese Contest! We also challenge you to test your skills in our mini-games and make a grilled cheese craft.

UoFG CAMPUS TOURS

UC, FRONT DOORS · 32

SATURDAY AND SUNDAY: 12AM AND 2PM

Current students will lead you through general academic areas including lecture halls, dining halls, the library, athletic facilities and more! Tours on a drop in basis.

APPLIED HUMAN NUTRITION

UC, COURTYARD · 32

Come check out our display on healthy eating for athletes! Learn the best foods to eat and to avoid pre and post workout. We want to share our best recipes with you so don't miss the chance to engage with nutrition students and participate in fun, interactive activities for everyone!

STUDENT'S FACING NOMA

UC, COURTYARD · 32

Come visit our display and chat with some friendly University of Guelph students! Learn more about the disease Noma, and what we're doing to help spread awareness and treat those who are affected.

LOWER JOHNSTON GREEN • 34

Ever wanted to learn how to play the beloved game of Harry Potter? Well come join the Guelph Quidditch Club and try your hand at the sport.

Want to see U of G from the inside out? We have great events to offer, including self-guided programs, and student and faculty-led forays into campus life behind closed doors. Come explore what it means to be a part of the campus community! All tours, shows and lectures are great for prospective students!

INSIDE U OF G

THE NEW COLLEGE ROYAL LECTURE SERIES • ROZANSKI HALL, ROOM 101 • 29

Are you a current UofG student? A future Gryphon? Interested in the fascinating research going on at the University of Guelph? Look no further than our New College Royal Lecture Series. Come hear professors from the University of Guelph and Ontario Veterinary College speak about what they are passionate about and the amazing research Guelph is contributing to the world of Agriculture, Engineering, Veterinary Science, Artificial Intelligence, Pedagogy and so much more. Everyone is welcome to come and listen and ask questions, we can't wait to see you there!

SATURDAY AND SUNDAY: 2:45PM - 3:45PM • 2 SPEAKERS EACH DAY

CAMPUS TOURS • UNIVERSITY CENTRE, MAIN LEVEL - FRONT DOORS • 32

Campus tours are aimed at prospective students who would like to see what being a student on the Guelph campus is all about! Visit general academic areas including classrooms, dining halls, the library, athletics and a student residence. These walking tours will be approximately 2 hours in length. Please plan to arrive at the table in the University Centre, main level, south doors, 15 minutes before the tour time - look for the Campus Tour banner.

TOURS WILL LEAVE AT 12AM AND 2PM ON SATURDAY AND SUNDAY

JURIED ART SHOW • ZAVITZ HALL • 33

The University of Guelph is celebrating the 50th annual Juried Art Show, the oldest student-run art show in Canada. This event showcases some of the finest artworks produced by the Studio Art students. The works are displayed throughout the building's four floors. A variety of mediums are shown including drawing, painting, photography, printmaking, sculpture, video, and more.

THE ARTWORK IS DISPLAYED IN ZAVITZ HALL FROM MARCH 17 - 19

CROP SCIENCE OPEN HOUSE EXTRAVAGANZA • CROP SCIENCE, FOYER • 9

It's time to learn! Visit Crop Science to tour of the spaces used by the bean breeding program, seed lab, seed storage facility, growth rooms and the greenhouse. Participants will get to see the genetic variety there is for breeders to work with and will learn what it takes to breed new crop varieties by conventional means and by applying genomics and biotechnology. Stop by on Saturday for free popcorn and Sunday for candy floss! Make sure not to leave without taking a free baby bean, cat grass and entry into the prize draw!

SATURDAY AND SUNDAY: 9AM - 5PM
